## 1. STATEMENT OF INTENT

Alton Park Junior School values all pupils and celebrates diversity of experience, interest and achievement. All pupils need to experience praise, recognition and success, and pupils with SEND have equal entitlement to this.

This policy outlines the framework for the school to meet its duty, obligation and principal equality values to provide a high-quality education to all of its pupils, including pupils with SEND, and to do everything it can to meet the needs of pupils with SEND.

Through successful implementation of this policy, the school aims to:

- Eliminate discrimination.
- Promote equal opportunities.
- Foster good relationships between pupils with SEND and pupils without SEND.

The school will work with the LA, or equivalent, within the following principles, which underpin this policy:

- Person Centred Approach
- The identification of pupils' needs
- Collaboration between education, health and social care services to provide support
- High-quality provision to meet the needs of pupils with SEND

### **3. IDENTIFYING SEND**

The school has a clear approach to identifying and responding to SEND, and recognises that early identification and effective provision improves long-term outcomes for the pupils.

With the support of the SLT, classroom teachers will conduct regular progress assessments for all pupils, with the aim of identifying pupils who are making less than expected progress.

'Less than expected progress' will be characterised using the following stipulations:

- Progress is significantly slower than the class average.
- The attainment gap is widened.

### **4. DEFINITIONS**

For this policy, a pupil is defined as having SEND if they have a:

- Significantly greater difficulty in learning than most others of the same age.
- Disability or health condition that prevents or hinders them from making use of educational facilities used by peers of the same age.

Under the Equality Act 2010, a disability is a physical or mental impairment which has a long-term and substantial adverse effect on a person's ability to carry out normal day-to-day activities.

The school reviews how well equipped we are to provide support across the following areas:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and physical needs

#### **Communication and interaction**

Pupils with speech, language and communication needs (SLCN) have difficulty in communicating with others, often because they have difficulty saying what they want, they cannot understand what is being said to them, or they do not understand or use social rules of communication.

The school recognises that:

- Pupils with Autism Spectrum Disorder (ASD) can have particular difficulties with social interaction.
- The profile for every pupil with SLCN is different and their needs may change over time. They may have difficulty with one, some, or all the different aspects of speech, language or social communication at different times of their lives.

The SENCO will work with pupils, parents, and language and communication experts where necessary to ensure pupils with SLCN reach their potential.

#### **Cognition and learning**

The school understands that learning difficulties cover a wide range of needs, such as moderate learning difficulty (MLD), severe learning difficulty (SLD) and profound and multiple learning disabilities (PMLD). The SENCO will ensure that any provision offered will be suitable to the needs of the pupil.

Specific learning difficulties (SpLDs) affect one or more specific aspects of learning. This encompasses a range of conditions such as a specific literacy difficulty.

#### **Social, emotional and mental health (SEMH) difficulties**

Pupils may experience a wide range of social and emotional difficulties that manifest themselves in many ways, including becoming withdrawn or isolated, or displaying challenging, disruptive and disturbing behaviour. The school recognises that these behaviours may reflect underlying mental health difficulties.

The school will ensure that provisions and allowances are made for the ways in which these mental health difficulties can influence the behaviour of pupils with SEND within its Behaviour Policy, including how we will manage the effect of any disruptive behaviour so that it doesn't adversely affect other pupils.

### **Sensory or physical needs**

Impairments that prevent or hinder pupils from using the school facilities, such as vision impairment (VI), do not necessarily have SEND. The school will ensure staff understand that:

- Some conditions can be age-related and can fluctuate over time.
- A pupil with a disability is covered by the definition of SEND if they require special educational provision.

The school recognises, however, that pupils who have sensory or physical impairments may require specialist support or equipment to access their learning, regardless of whether or not their impairment falls under the SEND definition, and the SENCO will ensure that their support needs are being met.

## **5. OBJECTIVES**

The school will meet the core aims of this policy by achieving the following strategic and measurable objectives:

- To follow the graduated approach outlined in the DfE's 'Special educational needs and disability code of practice: 0 to 25 years'
- To monitor the progress of all pupils to aid the earliest possible identification of SEND

## **6. ROLES AND RESPONSIBILITIES**

- Understanding and implementing strategies to identify and support vulnerable pupils with the support of the SENCO.
- Keeping the relevant figures of authority up-to-date with any changes in behaviour, academic developments and causes of concern. The relevant figures of authority include the headteacher.

## **6. CHILDREN WITH SPECIFIC CIRCUMSTANCES**

### **LAC**

Pupils at the school who are being accommodated, or who have been taken into care, by the LA are legally defined as being 'looked after' by the LA.

The school recognises that pupils that have SEND are more likely to be 'looked after', and it is likely that a significant proportion of them will have an EHC plan.

The school has a designated member of staff for coordinating the support for LAC.

Where that role is carried out by a person other than the SENCO, designated teachers will work closely with the SENCO to ensure that the implications of a child being both looked after and having SEND are fully understood by relevant school staff.

### **EAL**

The school will give particular care to the identification and assessment of the SEND of pupils whose first language is not English.

The school will consider the pupil within the context of their home, culture and community.

Where there is uncertainty about an individual pupil, the school will make full use of any local sources of advice relevant to the language group concerned, drawing on community liaison arrangements wherever they exist.

The school appreciates having EAL is not equated to having learning difficulties. At the same time, when pupils with EAL make slow progress, it will not be assumed that their language status is the only reason; they may have SEND.

The school will look carefully at all aspects of a pupil's performance in different subjects to establish whether the problems they have in the classroom are due to limitations in their command of English or arise from SEND.

## **7. ADMISSIONS**

The school will ensure it meets its duties set under the DfE's 'School Admissions Code' by:

- Not refusing admission for a child that has named the school in their EHC plan.
- Considering applications from parents of children who have SEND but do not have an EHC plan.
- Not refusing admission for a child who has SEND but does not have an EHC plan because the school does not feel able to cater for those needs.
- Not refusing admission for a child who does not have an EHC plan.
- Not discriminating against or disadvantaging applicants with SEND.
- Ensuring policies relating to school uniform and trips do not discourage parents of pupils with SEND from applying for a place.
- Adopting fair practices and arrangements in accordance with the 'School Admissions Code' for the admission of children without an EHC plan.
- Ensuring the school's oversubscription arrangements will not disadvantage children with SEND.
- Ensuring that tests for selection are accessible to children with SEND, with reasonable adjustments made where necessary.

Arrangements for the fair admissions of pupils with SEND are outlined in the Admissions Policy and will be published on the school website.

## **8. INVOLVING PUPILS AND PARENTS IN DECISION-MAKING**

Parents of pupils with SEND will be encouraged to share their knowledge of their child; the headteacher and SENCO will aim to give them the confidence that their views and contributions are valued and will be acted upon.

Parents will always be formally notified when the school provides their child with SEND support.

Decisions on whether the school will commission added provisions will be discussed thoroughly with the LA, parents and, when appropriate, the pupil involved.

Decisions about education will not unnecessarily disrupt a pupil's education or any health treatment underway.

The planning that the school implements will help parents and pupils with SEND express their needs, wishes and goals, and will:

- Focus on the pupil as an individual, not allowing their SEND to become a label.
- Be easy for pupils and their parents to understand by using clear, ordinary language and images, rather than professional jargon.
- Highlight the pupil's strengths and capabilities.
- Enable the pupil, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in the future.

- Tailor support to the needs of the individual.
- Organise assessments to minimise demands on parents.

- Bring together relevant professionals to discuss and agree together the overall approach.

The class teacher, supported by the SENCO, will meet with pupils and their parents three times per academic year to set clear outcomes, review progress, discuss activities and support, and identify parental responsibilities.

## 9. FUNDING

The school will allocate the appropriate amount of core per-pupil funding and notional SEND budget outlined in the Local Offer for the SEND provision of its pupils.

Personal budgets are allocated from the LA's high needs funding block; the school will continue to make SEND provision from its own budgets, even if a pupil has an EHC plan.

## 10. LOCAL OFFER

The school will collaborate with and support the LA in developing and reviewing the Local Offer, where necessary and appropriate, to ensure that it is:

- **Collaborative:** Where appropriate, the school will work with LAs, parents and pupils in developing and reviewing the Local Offer. The school will also cooperate with those providing services.
- **Accessible:** The school will collaborate with the LA during development and review to ensure that the LA's Local Offer is easy to understand, factual and jargon-free; is structured in a way that relates to pupils' and parents' needs, e.g. by broad age group or type of special educational provision; and is well signposted and publicised.
- **Comprehensive:** The school will help to ensure that parents and pupils understand what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The school will assist the LA in ensuring that the Local Offer includes eligibility criteria for services, where relevant, and makes it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.
- **Up-to-date:** The school will work with the LA to review the Local Offer to ensure that, when parents and pupils access the Local Offer, the information is up-to-date.

The school will provide the LA with information about their existing SEND provision and capabilities to support pupils with SEND to aid in the drafting of the Local Offer, where required.

## 11. GRADUATED APPROACH

Once a pupil with SEND has been identified, the school will employ a graduated approach to meet the pupil's needs by:

- Establishing a clear assessment of the pupil's needs.
- Planning, with the pupil's parents, the interventions and support to be put in place, as well as the expected impact on progress, development and behaviour, along with a clear date for review.
- Implementing the interventions, with the support of the SENCO.
- Reviewing the effectiveness of the interventions and making any necessary revisions.

## 12. ASSESSMENT

The school will, in consultation with the pupil's parents, request a statutory assessment of SEND where the pupil's needs cannot be met through the resources normally available within the school.

Consideration of whether SEND provision is required, and thus an EHC plan, will start with the desired outcomes and the views of the parents and pupil.

The school will meet its duty to respond to any request for information relating to a statutory assessment within six weeks of receipt.

The school will gather advice from relevant professionals about the pupil concerned, including their education, health and care needs, desired outcomes and any special education, health and care provision that may be required to meet their identified needs and achieve desired outcomes.

In tracking the learning and development of pupils with SEND, the school will:

- Base decisions on the insights of the pupil and their parents.
- Set pupils challenging targets.
- Track pupils' progress towards these goals.
- Review additional or different provisions made for them.
- Promote positive personal and social development outcomes.
- Base approaches on the best possible evidence and ensure that they are having the required impact on progress.

Detailed assessments will identify the full range of the individual's needs, not just the primary need.

Where possible, pupils' needs will be defined under the 'Special educational needs and disability code of practice: 0 to 25 years' broad areas of need:

- Communication and interaction.
- Cognition and learning.
- Social, emotional and mental health difficulties.
- Sensory and/or physical needs.

Where a pupil continually makes little or no progress, or is working substantially below expected levels, the school will consult with parents before involving specialists.

### **13. TRAINING**

Relevant staff members will keep up-to-date with any necessary training, which will be provided by the SENCO, as well as external agencies, where appropriate. Training will cover both the mental and physical needs of pupils with SEND. The training offered will be delivered to ensure equality, diversity, understanding and tolerance.

### **14. PROMOTING MENTAL HEALTH AND WELLBEING**

Mental health will be a key consideration for all training that the SENCO participates in, along with any training that staff are given.

### **15. EHC PLANS**

The school will fully cooperate with the LA when research about the pupil is being conducted. The school will provide the LA with any information or evidence needed. All relevant teachers will be involved in contributing information to the LA.

Where the LA provides a pupil with an EHC plan, the school will involve the parents and the pupil in discussions surrounding how the school can best implement the plan's provisions to help the pupil thrive in their education, and will discern the expected impact of the provision on the pupil's progress.

The school will meet its duty to provide views on a draft EHC plan within 15 days. If the decision is taken not to issue an EHC plan, the school will consider and implement the recommendations of feedback from the LA regarding how the pupil's outcomes can be met through the school's existing provision.

If the LA decides not to issue an EHC plan, the parents of the pupil, or the pupil themselves, will be informed within a maximum of 16 weeks from the initial request of an EHC assessment.

The school will ensure that all those teaching or working with a pupil named in an EHC plan are aware of the pupil's needs and that arrangements are in place to meet them.

All reasonable provisions will be taken by the school to provide a high standard of education.

Staff will be briefed about any potential problems and a procedure will be put into place to deal with certain situations. The school will specify short-term targets sought for a pupil in terms of specific, measurable, achievable, realistic and time-bound (SMART) outcomes.

The school will review each pupil's EHC plan to ensure that it includes the statutory sections outlined in the 'Special educational needs and disability code of practice: 0 to 25 years', labelled separately from one another. If a pupil's needs significantly change, the school will request a re-assessment of an EHC plan at least six months after an initial assessment. Thereafter, the governing board or headteacher will request the LA to conduct a re-assessment of a pupil whenever they feel it is necessary. Following the re-assessment, a final EHC plan will be issued within 14 weeks from the request being made.

The school will ensure that any EHC plan information is kept confidential and disclosed on a need-to-know basis. Information regarding a pupil's EHC plan will only be shared with other educational settings if the pupil is transferring there, for the setting to develop an individual learning plan. The school will take steps to ensure that pupils and parents are actively supported in developing and reviewing EHC plans.

The school will ensure that parents are consistently kept involved throughout the implementation of an EHC plan.

The school will ensure that the whole process of an EHC needs assessment and development takes no longer than 20 weeks from when the initial request was received.

## **16. REVIEWING THE EHC PLAN**

The school will:

- Cooperate with the relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested.
- Ensure that the appropriate people are given at least two weeks' notice of the date of the meeting.
- Contribute any relevant information and recommendations about the EHC plan to the LA, keeping parents involved at all times.
- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting.
- Cooperate with the LA during annual reviews.
- Lead the review of the EHC plan in order to create the greatest confidence amongst pupils and their parents.
- Seek advice and information about the pupil prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting.
- Prepare and send a report of the meeting to everyone invited within four weeks of the meeting, which sets out any recommendations and amendments to the EHC plan.
- Clarify to the parents and pupil that they have the right to appeal the decisions made in regard to the EHC plan.

## **17. SAFEGUARDING**

The school recognises that evidence shows children with SEND are at a greater risk of abuse and maltreatment and will ensure that staff are aware that pupils with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- Are at greater risk of abuse, including, but not limited to, peer-on-peer abuse, neglect and sexual violence or harassment.

The school recognises that there are additional barriers to recognising abuse and neglect in this group of pupils. These barriers include, though are not limited to,

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's condition without further exploration.
- These pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils.
- The potential for pupils with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs.
- Communication barriers and difficulties in managing or reporting these challenges.

The headteacher and governing board will ensure that the school's Child Protection and Safeguarding Policy reflects the fact that these additional barriers can exist when identifying abuse.

Care will be taken by all staff, particularly those who work closely with pupils with SEND, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the SENCO.

## **18. TRANSFERRING BETWEEN DIFFERENT PHASES OF EDUCATION**

The key transfers are as follows:

- Oakwood Infant School to Alton Park Junior School
- Alton Park to mainstream secondary providers (CCA / CCHS / TTC)
- Mainstream to Specialist Provision

## **19. SEND TRIBUNAL**

All disagreements about an EHC plan will be attempted to be resolved as quickly as possible, without the pupil's education suffering.

In all cases, the school's written Complaints Procedures Policy will be followed, allowing for a complaint to be considered informally at first.

Following a parent's serious complaint or disagreement about the SEND provisions being supplied to a pupil, the school will contact the LA immediately to seek disagreement resolution advice, regardless of whether an EHC plan is in place.

- Where necessary, the headteacher will make the relevant parties aware of the disagreement resolution service.
- Parents are made aware that Ofsted can consider complaints relating to whole school SEND early years provision, if the problem has not been resolved informally.

The school will meet any request to attend a SEND tribunal and explain any departure from its duties and obligations under the 'Special educational needs and disability code of practice: 0 to 25 years'.

Following the use of informal resolutions, the case will be heard in front of three people, one of whom must be independent of the management and running of the school. If disagreements are not resolved at a local level, the case will be referred to the DfE. The school will fully cooperate with the LA by providing any evidence or information that is relevant. All staff involved in the care of the pupil will cooperate with parents to provide the pupil with the highest standard of support and education.

## **20. DATA AND RECORD KEEPING**

The school's records will:

- Include details of SEND, outcomes, action, agreed support, teaching strategies and the involvement of specialists, as part of its standard management information system to monitor the progress, behaviour and development of all pupils.
- Maintain an accurate and up-to-date register of the provision made for pupils with SEND.
- Show all the provisions the school makes which is different or additional to that offered through the school curriculum on a provision map.

The school keeps data on the levels and types of need within the school and makes this available to the LA.

The SEND information report will be prepared by the governing board, and will be published on the school website; it will include all the information outlined in paragraphs 6.79 and 6.83 of the 'Special educational needs and disabilities code of practice: 0 to 25 years'.

All information will be kept in accordance with the school's Records Management Policy and Data Protection Policy.

## **21. CONFIDENTIALITY**

The school will not disclose any EHC plan without the consent of the pupil's parents, except for disclosure:

- To a SEND tribunal when parents appeal, and to the Secretary of State under the Education Act 1996.
- On the order of any court for any criminal proceedings.
- For the purposes of investigations of maladministration under the Local Government Act 1974.
- To enable any authority to perform duties arising from the Disabled Persons (Services, Consultation and Representation) Act 1986, or from the Children Act 1989 relating to safeguarding and promoting the welfare of children.
- To Ofsted inspection teams as part of their inspections of schools and LAs.
- To the headteacher (or equivalent position) of the setting at which the pupil is intending to start their next phase of education.

## **22. RESOLVING DISAGREEMENTS**

The school is committed to resolving disagreements between pupils and the school.

In carrying out of duties, the school:

- Supports early resolution of disagreements at the local level.
- Explains the independent disagreement resolution arrangements in our Complaints Procedures Policy, which is available for disagreements across special educational provision, and health and care provision in relation to EHC plans and tribunals.

The school's Complaints Procedures Policy will be published on the school website; additionally, the school will publish details regarding how complaints from parents of children with SEND will be handled.

## **23. PUBLISHING INFORMATION**

The school will publish information on the school website about the implementation of this policy. The school will publish details of the SEND information report on the school website.

The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible.

## **24. MONITORING AND REVIEW**

The policy is reviewed on an annual basis by the headteacher and SENCO in conjunction with the governing board; any changes made to this policy will be communicated to all members of staff, parents of pupils with SEND, and relevant stakeholders.

All members of staff are required to familiarise themselves with this policy as part of their induction programme.
